

Rye Driftwood Garden Club

Educational Grant Application Form

Purpose: To help local organizations enrich our Seacoast community through horticulture, conservation, and environmental education.

The Rye Driftwood Garden Club awards organizations that support advancement in the above fields of study. They're available for non-profits, local government agencies, and civic organizations. For example, past awards have helped fund studies in subjects such as horticultural technology and genetics, environmental, biodiversity and plant education, horticultural therapy, and science camps.

Applications must be submitted no later than November 1st
Educational grants will be awarded at the March RDGC meeting the following year

Please submit application to: Donations Committee
RDGC
P.O. Box 33
Rye, NH 03870

Application Information (Please print)

Organization Name: _____

Mailing Address: _____

Contact Person: _____

Signature: _____

Required Description:

Please describe how you will use this education grant. Consider explaining:

1. What is the current program, and how does it advance study in the specific areas RDGC education grants are designed to support?
2. How specifically would the money be used?
3. What do you see as the outcome of receiving this education grant? (For example, how will the program be changed, improved, or positively impacted by receiving a grant?)
